A GREAT ISLAND SOLD.

Anticosti Passes Into the Hauds of a Rich Frenchman. Henry Menier, a wealthy manufac turer, has just closed a remarkable real

estate transaction in the purchase of the island of Anticosti, which lies in the mouth of the St. Lawrence river. The island is 135 miles long by 35 miles at its widest part and has an area of over 4,000 square miles. The encyclopedia describes it as of rocky and swampy formation and with a population of about 200 French speaking fisher folk. The pnrchase price was \$160,000. Mr. Menier intends to spend \$500,000 in the development of the island, which he means to

colonize with Frenchmen. Its forests are large and valuable. Sawmills will be put up, agriculture there were 150 invited guests sitting on | will be developed, lobster canneries will be erected near the coast, but the most ambitious effort will be the establish ment of a model beaver farm, in which ish authorities politically, but Mr. Menier will conduct its internal affairs on the lines followed by the British chartered companies of India, Africa and the great northwest.-New York Journal.

GRAVES OF CUR GREAT HEROES.

Those Who Served In the Civil War.

THE LOCATION OF THEIR TOMBS. Wide Disposition of the Remains of Army

[Copyright, 1896, by the Author.] America has no Westminster abboy or St. Panl's to enshrine its illustrious dead. Their graves are scattered far and wide throughout the land. Perhaps this REGULATES. A IS SIMPLENS LIVER of memory and suggestion spread broad-Phys. Alok volvalit. The aoid REG cast serve a better purpose in such a LATUR ds 1 uists it from all other land as ours than if they were concentrated in one vast gallery of tombs, a aution's pantheon though that might be. It sometimes seems that there would have been a peculiar fitness if those of our great soldiers whose fame is especially associated with particular battlefields sould have been buried in them-as, for example, Meade at Gettysburg, McClellan at Antietam and Thomas at Chickamanga. In these great national cemetery parks the most eloquent monnments of their fame are to be found. There, sleeping with the armies of obscure dead whose hands and hearts did the work of

> in smothering the graves of an army with flowers and lent fresh point to the old couplet: Only the memories of the just

found the most adequate embaluing.

But perhaps what is is best. Yet one

fancies that the work of Memorial day

would have had a peculiar significance

Smell sweet and blossom in the dust. The art of the sculptor has attempted the presentment in marble and bronze of many of the great men whose swords flashed so vividly in that wonderful four years which shoot up like an Alpine peak out of our history. Each year adds some new image to the national portrait gallery. Net a few of these are worthy of the greatness of the subject. Such, for instance, is the Farragut statue in New York. But it is a depressing fact Office S. W. corner Warn and Second streets | that many of them reflect little eredit on up soales. Will practice in all the courts of the nation, and some of them actually Midison and adjoining counties and Court of the little the greatness which they design to commemorate. There seems to have been a slight nwakening of the public conscience in this respect, however. The

an indication of it. But beautiful and touching as is the desire to honor the great dead by scnlpthred figures erected in public places, that men may gaze upon them and thrill with the lesson of their lives, there is something after all that comes closer to the heart. It is in the subtle and preg-RICHMOND, - KENTUCKY. | naid thought that all distinctions cease in the presence of death. That the private or the general did his best to do a Office in Se and street, over Chenaub's gro- noble and a worthy deed is where the honor lies. The blaze of fame is a flash in the pan without such a text. So, however we may pour ont oblations of honor and gratitude at the tombs of the great, the tenderer sentiments should

> blazed the traces of their fame in the great civil war will serve as an example of the wide disposition of their remains. ### Wervousness

Is only another name for impure: blood, for no person is weak and nerveas whose blood is perfectly pure. When the blood is full of the germs of disease, and lacking in the red eorreles which give it vitality, when it falls to properly nourish the organs and tissues of the body, what can you expect but that tired feeling and ner-

Vousiless? Of eourse Serofula, Salt Rheum, Catarrh and Rheumatism are universally recognized as blood diseases, fer which Hood's Sarsaparilla, as the best blood purifier, is everywhere

acknowled the greatest remedy. Therefore, as Hood's Sarsaparilla cures all blood diseases, it is the best ranedy for that condition of the blood which causes Nervousness.

It is a false idea to think you are euring your nervousness when you are taking a preparation which only q iets your nerves! It is like trying to drown" your sorrows in the flowing towl. They are sure to return. We wish to make most impressive,

then, this truism: You cannot purify your blood by DEADENING OF QUIETING YOUR HERVES v. ith opiate, nareotic or nerve compounds. If you take such articles you are only TRIFLING with your troubles. There is sure to be a REAC-TION which will leave you worse than you were before. Why not then, take the true course,

follow the bee-line to the state of Lealth, purify your blood and cure your Nervousness by taking HOOD'S

f a violent type from the first, he being taken sick only on Tuesday before. Funeral services were conducted at new church Sunday evening by Elder D. G. Combs, thence his burial in the reme tery on the hill a large gathering attest

A CONFIDENTIAL CHAT

between two men or women generally develops the fact that one or both are troubled by sickness of some kind. One man is all right except his rheumatism, another has a ons to sleep well. What's to be done about it?
The situation is serious. Little things nerves, loss of flesh, loss of appetite. Sleep-less people soon get their bodies into such a condition that disease germs find it easy to lodge there and propagate. People die from the aggravation of an aggregation of lit-tle things. The more promptly a disease or disorder is met the more quickly it is cured. "fost all sickness starts in the stomach, liver or lungs. Rheumatism, scrofnla, ecis sufficient, impure or impoverished blood is treent. The diseased blood finds the weakest spot in the body and a local symptow appa ars. If the impurity is supplanted with good, rich, red, healthy corpuseles, disease will have nothing to feed on. If the proper cleansing medicine is sent to seven-year-old son of William Eversole the seat of the trouble, it will force out the was drowned here. He and his brother germs and regain the damage done.

Dr. Pierce's Golden Medical Discovery is a cleansing, purifying medicine, a blood enricher, a nerve strengthener. It is an

It is a good rule to drink as little as

a professional cycle thief. - Wheel. Three "Jacks" of the Ring. For years the prize ring was dominated over by the three Jacks-namely, Jack McAuliffe, the lightweight champion; Jack Dempsey, the middleweight champion, and the great John L. Snllivan, who was the acknowledged champion of champions. Desupsey was the first to fall He met his Waterloo when he went up against Fitzsimmons. Lanky Bob was a comparative stranger to the American public at that time, and his victory over the idelized Dempsey came of like a thunderclap out of a clear sky. W The supposed invincible Sullivan then ( fell before Corbett. -- Exchange.

TO STUDY CONVERSATION: Vienna Deutists to He Taught How to Amuse Patients. The dental rofession in Vienna has

formed a novel society, which proposes to instruct its members in the art of pleasing conversation, garnished by Good secondhand wheels for women light anecdote. The theory of this is that the patients nudergoing long and difficult dental operations need to be amused and cutertained. The preamble to the call of the society recited the fact that the modern race trotters of the highest type. dentists is giving altogether too

much time and attention to the scientific side of the profession and not doing enough to attract and interest its action, and can trot in 2:30 at any time. clients. Careful, persistent and thorough on to say, is one thing, and it is highly necessary that no opertient in the chair has none of this kind ers wears knickerbockers. He is support- of stimulus-nothing whatever to interest him-and is generally suffering, besides. The real dentist should be a man of two sides. He should be able to do dress. The fashiou was started by Lady | his work deftly and quickly and at the , Warwick, who in summer had her wheel same time by clever talk keep his pa-Hitherto the dentists, from the mo-

ment they began their course of study, have set their attention severely upon practical science and have given no time at all to the lighter side of life. The greater number of them are hard stn-Milwaukee eity council are active wheel- dents always, and they let the frivolous side of the world go in their pursuit of Country Produce especially wanted This has given the American dentists | Canned trouds. who have settled abroad in the contineu- Salt by the Birrel tal towns opportunity to work up a large
